You've got to drift in the breeze
Before you set your sails
It's a time where the wind prevails
Before you set your sails,
Drift in the breeze.

of us must do the things that matter,

f us must see what we can see,

nust find our own road to follow,

yone must try to find what he can be.

We live in the tensions of trying to fulfill our deep-seated need for relationship, while maintaining our individuality — unity striving to harmonize with separateness.

PEABODY

The moments we spend alone,
idly staring into space,
wondering about the why's
and wherefore's of life, may
be the most important moments
of our lives.

Every once in a while you'll get the urge to fall back into the fold, where you're expected to be because it's safe; but a light will shine to show what you're missing.

I AM HE AS YOU ARE HE AS YOU ARE

ME, AND WE ARE ALL TOGETHER

To be nobody — but — yourself
in a world which is doing
its best, night and day, to make
you everybody else — means to fight
the hardest battle which any
human being can fight, and never stop
fighting.

e. e. cummings

Like everyone else I'm searching

through what I've heard.

Every human
person is a
mystery that
must be
learned . . .

Slowly . . .

reverently . . .

with care . . .

tenderness . . .

and thought . . .

and never

completely

learned.

Time it was

And what a time it was,

It was . . .

A time of innocence,

A time of confidence;

I have a photograph,

Preserve your memories.

do my thing

'ou do your thing;

am not in this world

o live up to your expectations;

'ou are not in this world

o live up to mine.

'ou are you,

And I am I,

And if by chance we find each other,

t's Beautiful.

FOREIGN LANGUAGE DEPARTMENT

My fondest memory of Norwood High School is my study of a foreign language in my sophomore year. I was able to learn about other cultures and lands, as well as expanding my knowledge of the language. In addition, our well equipped language lab aided in the process. My first experience in the language lab was very unique. It was interesting trying to determine which button to choose in order to turn the machine off. In summary, studying foreign languages is a fascinating door to other lands.

ENGLISH DEPARTMENT

There are many things in my life that I will never be able to actually eperience; my life is too short for seeing and doing everything in this world. Countless authors, poets, and dramatists — all with different messages to communicate — can help broaden my outlook by helping me to explore the world of ideas, as well as the world that is real and unreal. Through reading various works and expressing my own thoughts in writing, the exchange of ideas and experiences with others becomes a much easier and enjoyable part of life. Communicating is what English at NHS is really all about.

SCIENCE DEPARTMENT

I think it was the first time that I dissected a frog when I realized that I was hooked on Science. That was only the beginning — from there, I went on to bigger and better things. Now, how will I ever forget the hundred-and-some odd elements of the periodic table? Or the number of chromosomes in one rabbit cell? The NHS Science Department has opened my mind to a multitude of scientific problems I was totally unaware of. Now I can sit down and figure them out for myself.

HISTORY DEPARTMENT

From Jamestown to Hiroshima, the history department has covered it all! If your interests lie in the stamp act or the Hindenburg disaster — then this fine NHS department is for you. The enthusiastic faculty will guide you through the annals of history with all the vigor of MacArthur's troops.

BUSINESS DEPARTMENT

The first year of typing had to be the most traumatic. I never thought I would stop looking at the keys. But, with the chorus of A, S, D, F, J. K. L ; space, running through my head, I succeeded and went on to other business related courses. With the excellent training I received at Norwood High, I'm confident that I will always have a valuable business background to offer in this busy commercial world.

MATH DEPARTMENT

We at Norwood High are fortunate to have an excellent math department. We have many dedicated and wonderful teachers. Math is more than numbers and equations. It is a necessity for our engineers, scientists, and accountants, as well as all other people involved in the community. Representative of the efficiency of our math system is our competitive and winning math team. No matter what occupation we find ourselves in, we will be grateful for the math that we have learned and the efforts put forth by this department of Norwood High School.

HOME ECONOMICS AND INDUSTRIAL ARTS DEPARTMENTS

Mmmm . . . I smell brownies. They must be baking again. "They" are the Home Ec students at NHS. Our home economics department offers both cooking and sewing classes aimed at creative and more efficient homemaking. The students learn to prepare economical, well-balanced meals and utilize various sewing techniques to make their own clothing.

In the next building is located the industrial arts department, designed to give students experience working with wood, metal, electricity, printing, and mechanical drawing.

Both departments provide courses for students who wish to perfect their skills and more advanced courses for those who are considering a career in a variety of fields.

PHYSICAL EDUCATION DEPARTMENT

The view is pretty wild hanging upside down from the parallel bars, but that's only one of the many things you can experience in the NHS physical education department. Gymnastics, basketball, and softball are among the more traditional electives. There are courses in areas of special interest — weight training, yoga, and trampoline to mention just a few. Many classes are co-ed; what could be more lively than the guys challenging the girls in a game of volleyball? Physical education at NHS is a subject that is beneficial, interesting, and enjoyable to everyone involved.

ART AND MUSIC DEPARTMENTS

Once again great strides were made in the creative departments at Norwood High. This year high school students had an opportunity to see the band march in the Orange Bowl Parade in Florida. Also, participation in the Greater Bostonians and other similar events made a great year for the Music Department.

The Art Department this year saw more entries than ever going to the Globe Scholastic Art Awards. Many creative students had the chance to display their talent.

1975 will long be remembered as a special year at Norwood High School, thanks to the more than 500 seniors who soon will be walking its corridors for the last time. All these individuals, each uniquely different yet having similar dreams and goals, have helped contribute to the fond memories of our last year in high school. Trying to capture the spirit, the memories, the individuality and, also, the unity of our class was a difficult task, but worth working for. Our greatest hope is that this yearbook will bring to you as many remembrances of the good times as it has to us in putting it together. We also hope that you can see a part of yourself in this, YOUR yearbook.

MUSTANGS HAVE EXCEPTIONAL SEASON!

The Norwood High Mustang football team had a very successful season this year. The team was under the direction of head coach, John Doherty, and assistant coaches, Robert Levin, Jack Martinelli, Joseph Mooney, and George Putnam.

Team captains this year were Daryl Stamfl and Bill Breen; both had exceptional individual seasons.

The Mustang squad came very close to the Bay State League Championship with a record of seven wins, two losses, and one tie.

A special Statewide recognition came to the team when nine players were nominated for all-scholastic honors. Two Mustangs were selected; Greg Donahue, to the first team; and Larry Brown, to the second.

The members of this year's team would like to thank all who supported them throughout the season. The graduating seniors would also like to convey their "best of luck" wishes to Coach Doherty and the returning players as they resume the chase for that elusive Bay State League Title.

The Norwood High School girls' swim team, led by captains Tracy Bernard and Margo Boch, and Coach Patricia Torney, had a tremendous season, winning nine meets and losing only one. The team placed second in its league and fifth in Eastern Massachusetts. Sophomores Patty Gross and Betty Simoni proved to be great assets to the team, as both placed well in state competition. Junior Amy Connolly also had a good season placing first in every meet. Junior Ann Benson was awarded Most Improved Swimmer on the team and has much potential for her senior year. The Most Valuable Swimmer Award was given to Margo Boch, as she performed superbly all season. Divers Sandy Krohto and Erin McQuillan worked extremely hard under a handicapped practice schedule and performed well for the team. We wish all the senior swimmers the best of luck!!

ROW 2: Mike Walsh, Manager, Jeff Bernord, Jim Thornton, Tim Ahearn, Steve Jockson, Dave Cranin, Rick Hilchey, Cooch Mike Scanlan.

The injury syndrome struck this year's Cross Country team. Before the season even got underway, the varsity team was stripped of its two fine runners, Dave Hawley and Mark Pazniokas, due to injuries. Throughout the season various injuries sidelined top runners such as, Mark Favaloro and Rick Hilchey.

However, led by coach Mike Scanlon and Captain Mark Favaloro, the team never quit and ended up with a 2-7 Season. The victories included an early season win over Natick and an upset victory over Framingham North. Strong performances were turned out throughout the year by seniors, Mark Favaloro, Dan Burns, Dave Roy, and Ken Valentine, and also by junior Rick Hilchey, and sophomores, Jeff Bernard and Steve Jackson.

Without the great number of injuries the team's record could easily have read 7-2.

Girls' Ice Hockey

The Norwood Girls' Ice Hockey Team is an out of school sport, and the ice is paid for by the team members. The "A" team had big wins this year over Boston College and U Conn. The "B" team (outside of one skater's thirty stitches) had a successful season. The fired up "Ankle benders" defeated Dedham in their big game. The teams would like to thank their coaches, Mr. Clifford and Mr. Mollo, the parents, Mr. Burns and Mr. Lynch, and everyone else for the time and help that made the teams possible.

SWIM TEAM IS YOUNG AND DETERMINED

Although young and determined, the swim team had a disappointing season with a record of 0-7.

This year's captain, J. F. Connolly, added moral support to Coach Boch in developing the young team. The boys are looking forward to a fine season next year. Thanks to seniors Bill Nixon, Tippy Lydon, Jason Golub and J. F. Connolly for the time and effort they gave to the 1975 squad.

GIRLS' GYMNASTICS

The Norwood High School Girls' Gymnastics Team, led by Coach Kathy Feldmann, Assistant Coach Mimi O'Callahan, and Captain Margo Boch, finished the season with a 4-5 record. Despite the losses, the girls had a tremendous season, breaking the school scoring record of 68 points with a high score of 72 points. Senior Sandy Khroto performed well for Norwood, competing in all four events. Ellen Rose also competed and did a fine job. Katy Cofsky, although starting late in the season, was a strong competitor on the horse and parallel bars. Junior Nora Kenny was outstanding, as she qualified for the state meet on both floor exercise and beam. Also qualifying for the state meet were senior Margo Boch and sophomore Senna Murphy. Mustang Five Makes Tourney

Coach Ken Nolet's Mustangs finished their Bay State League campaign with a fine 12-6 record, good enough for fourth place and an invitation to the State Tournament.

Throughout the season the "stangs" were led by the star-studded trio of Captains Timmy Callins (10.2 ppg) and Larry Brown (18.3 ppg), along with Steve Savage (14.8 ppg.). Brown and Savage were Bay State Coaches All-Stars; they were joined by Callins for selection to the Transcript Newspaper "Stars." Rounding out the starting five were juniors Joey Di Calegera and Brian Greenwood; Billy Walker and Jack Harshman supplied the bench power.

Norwood streaked to a 9-1 first place record before running into some tough luck, losing four games by two points or less. The same misfortune struck during post-season play against the perennial city powerhouse, Dorchester. Leading throughout the contest, the Mustangs taught the city boys the "complete" game of basketball before bowing in the final seconds, 60-58.

For the faithful fans that were all part of the sellout crowds at seven home games and five road games, there will always be the thrilling memories of the South and Dedham contests, along with the everlasting chant, "Here we go Mustangs."

The highest praise possible should be directed to the hard working seniors, Ken Valentine, Rick Renwick, Joel White, Paul Soper, Chris Cavanaugh, Bob Abucevitch, Charlie Green, and junior Tom McCusker; for their efforts were the major reason for the Mustang's success.

The 74-75 Mustang five is indebted to Dave Hajjar whose work over the past two years is deeply appreciated. Also, "Thanks" to senior Kevin Halle for the devotion and hard work he gave to the team and Coach Nolet.

Hockey Team Captures Title

The Norwood High Hockey Team had an excellent year, winning the Bay State League title with a 14-1-3 record. This record brought home the title after two years of second place.

Norwood won the first game in the tournament by an 8-5 decision over Charlestown. They then lost a heartbreaking and close game to Archbishop Williams in the second round by a 2-0 score.

During the season Norwood placed three players on the all star team. They were Jimmy Grimm, Mike Gulla, and co-captain Billy Flaherty. Flaherty was also picked as the league's most valuable player.

Other fine performers were the following seniors: Co-Captain Dennis King, Kevin Hawley, John Riley, Ken Muse, Jeff Tenney, Dave Lynch, Gordie Cambell, and Bobby Tolman. The juniors included: Mike Parkinson, Tim Gordon, Billy Clark, Dave Hasenfus, Dave Phalen, and Jeff Lane. Two sophomore surprises were Jimmy McTernan and Chris Lowey.

ROW 1: C. Lawey, J. Lane, D. Phalen, B. Clark, D. Lynch, M. Gulla, B. Flaherty, D. Hasenfus, B. Talman, B. Synder, manager.
ROW 2: Assistant Coach B. Johnson, J. McTernan, J. Riley, D. King, J. Tenney, G. Campbell, K. Hawley, T. Gordon, J. Grimm, K. Muse, M. Parkinson, Head Coach D. Wheeler.

Coach Wheeler and Captains, Bill Flaherty and Dennis King.

In Memoriam

Mr. James O'Malley

The Senior Class would like to express its deep regret
at the loss of Mr. James O'Malley, teacher at Norwood High for fifteen years.
He will be fondly remembered
by colleagues and students
for his dedication to the Special Education Department.

I'm so glad we had this time together
just to have a laugh or sing a song.
Seems we just get started,
And before you know it,
Comes the time we have to say "so long."

F is for the fooling around we did in gym class;

I is the getting into our new outfits,

T is for the trouble we caused you;

Z is for the zero we got for not bringing our sneakers.

C'mon, doesn't onyone know the yeor the Wor of 1812 wos fought?

In your journey in life you will meet many obstacles but always look at the roadmap to evaluate your position and analyze the direction you are headed in.

Many times we weren't too sure of ourselves,
Awkward and clumsy,
Self-conscious; even lonely,
We slowly came into ourselves.
As we got to know our own being,
We really liked what we saw.
There was some potential there, right?

I mean, Someday we would stand up
In front of the class and give a
Speech without stuttering.
And someday we wouldn't constantly
Worry about the way we looked,
Or what others thought
About the way we thought.
We're beginning to find ourselves,
Beginning to like what we see,
And Someday seems a little closer.

Where do we go from here?
The road's not clearly there;
But we must walk without a fear;
Then the foggy path will clear.

Tomorrow we'll be in some other sunrise.

It's not so easy to say "no";
It's much simpler to say "yes,"
To go along with the majority,
Whether it's right or wrong.
The real triumph and proof of maturity
comes when
We can stand up and do what we
believe is right, becoming
Individuals, having our own minds.

Where are you going tonight...

The hall seems vacant and silent now. However, the hall is full with memories of the individuals that walked its floor, and the hall forever retains the noise produced by the growing travellers of the world between its walls.

DAVID M. DYKE

They say, "No man is an island." A few years ago one of our classmates was an island, so isolated he couldn't go to class. He was an island, alone in the sea of human life.

Then something inspired him to try, to look around about himself, to join the flow of life. It took a lot of courage because it was a really tough thing to do. But he tried. He forced himself to get with it — to join us, his classmates, on our daily routine.

Next, he found that he could do it — that he liked it. Gradually, because no Rome of a man was ever built in a day, anymore than the famous city of Rome, he MADE himself stick to his job of being a decent human being, of adding just a little bit to the lot of his associates. He went back to school, back to a part-time job after school, and on weekends. He tried hard. And gradually he succeeded, until we, you and I, came to know him as a regular classmate, sitting in classes with us every day, trying to add a little bit every day to his knowledge, his awareness of life.

He, at last, became pretty much a "regular guy," joining us full time in classes, in school activities, in living. Then he began to develop a little business of his own, buying old cars, rebuilding them himself, tuning them up, making them look good, and turning an honest dollar in selling them.

Now he is gone. But now, his example carries on to show us what we can do with life if we really try, if we give it the old "high-school" effort.

Dave Dyke turned out to be quite a guy. We miss him, sure we do. But if we follow his example and effort to be a good man, then Dave can be said to live on in each of us by making us also a decent human being, just a little better than otherwise. If we do this, and we should try, then Dave will have given all of us something beyond measure, something in death that we can use to make life just a little better. Then Dave will have proved in a solid way that "No man is an island."
